

# *Welcome to the Practice...*

## **Katie Farris**

**Optometric Extern**

**Katie Farris comes to us from the University of Missouri-St. Louis College of Optometry.**

**She completed her Bachelor of Arts degree in biology in 2003 from the University of Kansas.**

**This is Katie's fourth and final year of optometry school. Her various internships throughout her fourth year concentrated on specialty areas of optometry including ocular disease, pediatrics, binocular vision, contact lenses and pre- and post-operative surgical care.**

**Katie will complete her doctor of optometry degree from the University of Missouri-St. Louis in May 2007.**

**After graduation, Katie plans to join a private practice in Des Moines, Iowa.**

**When she is not studying, Katie enjoys spending time with her family and boyfriend, playing golf and watching KU basketball.**

*In March of 2006, Katie Farris was a Give the Gift of Sight volunteer for an international optometric mission in Vera Cruz, Mexico. Over 25,000 patients were examined during this two week trip. "This was a rewarding personal and clinical experience."*

Eyecare Associates of Lee's Summit is very happy to have Katie Farris with us. We are proud that our office has been entrusted by the University of Missouri-St. Louis to help train the next generation of doctors.

*We are the doctors teaching the doctors of tomorrow.*
